WOMEN MUST SLEEP.

Avoid Nervous Prostration. If you are dangerously sick what is the first duty of your physician? He quiets the nervous system, he deadens

the pain, and you sleep well.
Friends ask, "What is the cause?"
and the answer comes in pitying tones, nervous prostration. It came upon you so quietly in the beginning that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous

You ought to have known that when you ceased to be regular in your courses, and you grew ittitable with-
